

Web Sites Relating to Forensics

1. Video clips on Forensics are at <http://www.discoveryeducation.com/> - you need an id and password to log on.
2. Worksheets can be found at <http://sciencespot.net/Pages/classforsci.html>. Some of the links are for junior grades, but there is some useful material for senior grades.
3. Webquests (online murders that students have to investigate) can be found at:
<http://projects.edtech.sandi.net/kearny/forensic/>
<http://www.sciencefreaks.com/forensics/index.shtml>
4. If your students would rather perform an autopsy then check out
<http://www.hbo.com/autopsy/interactive/>
5. Solving the murder using forensic information is the goal of the Virtual Museum website at <http://www.virtualmuseum.ca/Exhibitions/Myst/en/index.html>
6. The Canadian Centre for Forensic Science has an excellent section on career information at <http://www.csfs.ca/contentadmin/UserFiles/File/Booklet2007.pdf>
7. The Ontario Justice Education Network has many excellent resources on legal issues including forensics at <http://www.ojen.ca/eng/resources/show.cfm?id=199>
